# CONSTRUCTION EQUIPMENT

**SDEC** is one of the largest Dealers & Distributors of **Doosan's** Construction Equipment Worldwide. Our profile further arches to include many other international brand names as well like: **Everdigm, Montabert, Pengpu and many others.**

“We provide our customers with an arsenal of equipment that is compatible, comprehensive, efficient, and cost-effective”.

These brands represent a wide array of well-known and reliable **Construction Equipment.**

**Such As:**

- ▶ Wheel Loaders
- ▶ Excavators & Attachments
- ▶ Articulated Dump Trucks (ADTs)
- ▶ Bulldozers
- ▶ Hydraulic Crawler Drills

## Doosan Wheel Loaders (DL & DISD)

- ▶ Designed for convenience, safety, and durability.
- ▶ Fastest Wheel Loader in the KSA.
- ▶ DL and DISD models available at various sizes
- ▶ Superior mechanical engine provides higher quality & lower maintenance costs than the complicated electrical engines.
- ▶ Various bucket sizes from 2m<sup>3</sup> (DL200A) 5.4m<sup>3</sup> (DL550).
- ▶ Greater reliability ensured by efficient cooling.
- ▶ Doosan parts are all designed in house, ensuring the best quality control and maximum performance.

MODEL	DL250A	DL300A	DL420A	DL550
OPERATING WEIGHT	14,200kg	17,640kg	21,955kg	31,125kg

MODEL	SD200N	SD300	SD310
OPERATING WEIGHT	10,420kg	16,850kg	17,300kg

## Doosan Articulated Dump Trucks (ADTs)

**High productivity means more material moved every day.**

The Doosan Articulated Dump Truck (ADT) lineup offers larger load capacities in their respective weight class categories along with superior power and traction.

- ▶ Up to 490 hp @ 1,900 rpm HP
- ▶ 34.4 mph Speed
- ▶ Up to 25.64 cu. yd. Body Volume (DA40)

MODEL	DA30	DA40
OPERATING WEIGHT	28,000kg	40,000kg

## Pengpu Bulldozers (165-410 HP)

- ▶ Automated implementation controls for minimum operating efforts.
- ▶ 3-element, single phase torque converter for maximum efficiency.
- ▶ Non-stop gear shifting, hydraulic drive with automatic speed regulation.
- ▶ The hexahedral cab offers excellent visibility, & dust-free ventilation.

## Everdigm Crawler Drill

- ▶ Models providing drilling depth of 22m and Bit Diameters in the range of 50-115mm
- ▶ Powerful Drifter and Engine
- ▶ Ease of Operation and Maintenance.
- ▶ Service ability and Longevity.
- ▶ An Intelligent Investment in Power and Precision.

### Available Models:

- ▶ DTH Crawler Drill
- ▶ Top Hammer Crawler Drill

**CONSTRUCTION** EQUIPMENT

# Doosan Excavators

## Why Doosan Excavators?

- ▶ Products are designed for **convenience, safety, and durability.**
- ▶ Superior **mechanical engine** provides higher quality and lower maintenance costs than the complicated electrical engines.
- ▶ Designed for long life with its sturdy frame and **reinforced upper structure.**
- ▶ Doosan's products guarantee a level of **proven quality** that is unparalleled.
- ▶ Equipped with **world-class cabins** that combine superior comfort, excellent visibility and low noise levels.
- ▶ A **wide array of attachments** to fit many applications.
- ▶ Proven track record of **reliability & efficiency in the KSA.**

## Wheel Excavators

(5.55 - 20.8 ton)

Delivers outstanding performance and stability as well as enhanced fuel efficiency. Doosan wheeled excavators are a popular choice for operators tackling utility work, street maintenance and construction site tasks.

## Mini Excavators

(2.79 - 8.38 ton)

Offers powerful digging capability, great hoisting power, convenience for diverse work environments, and can be easily controlled. Optimum for inner city demands and narrow working conditions.

## Crawler Excavators

(14 - 70.1 ton)

Doosan's medium-large excavator boasts a robust body for stable work, and superior power for ultimate performance, regardless of the task. Once equipped with a hydraulic breaker, the excavator becomes ideal for heavy breaking at quarries and other demanding sites.

MODEL	DX35z	DX63-3	DX210WA	DX225LCA	DX480LCA	DX700LC
OPERATING WEIGHT	3,660kg	6,260kg	19,900 - 20,910kg	21,700kg	48,400kg	70,100kg
